## ABOUT

Founded in 2024, Kavita Facility Management Pvt Ltd (Agro Division) is a leading food processing company marketing under the registered brand name "PIYUSH".

Established in 2024 by professionals with rich experience in tropical fruit & vegetable processing, the Company has setup best-in-class manufacturing facilities in the horticultural hubs across the Western part of India to meet the increasing demand of discerning customers. Located in the Satara district of Maharashtra, we have strategically set up state-of-the-art processing plants near fruit & vegetable growing areas and serve clients across India, EU and Middle East. We continuously focus on the expansion and diversification of our product portfolio by investing in greenfield projects. In line with our principles, we take pride in building partnerships with our clients based on trust and deliverance.

## QUALITY

Quality & Innovation are undoubtedly the core pillars of our company. With stringent process control policies and strong focus on raw material quality, we strive to offer the best product experience with 100% satisfaction.

From farm to finished product, Royal Foodstuffs takes pride in following good manufacturing practices to ensure hygiene and food safety standards at every stage.

To achieve better control over product quality, the Company has strategically set up state-of-the-art manufacturing facilities in the horticultural hubs across the Western part of India. By reducing the time from farm to factory, we control and preserve freshness and nutrient value of our raw materials.
